

Your Property Requirements

This questionnaire will help you formalise what you are looking for and will help us understand not only what you want, but why you want it and how you intend to live in the home (if you do). Hopefully, we will make you think of something you had not yet considered, but you don't have to be a slave to the form as it's people, not computers that do the Homespotting. Our contact details are on the back page, if you have any questions then give us a call or drop us an email.
